TRAINING CENTER

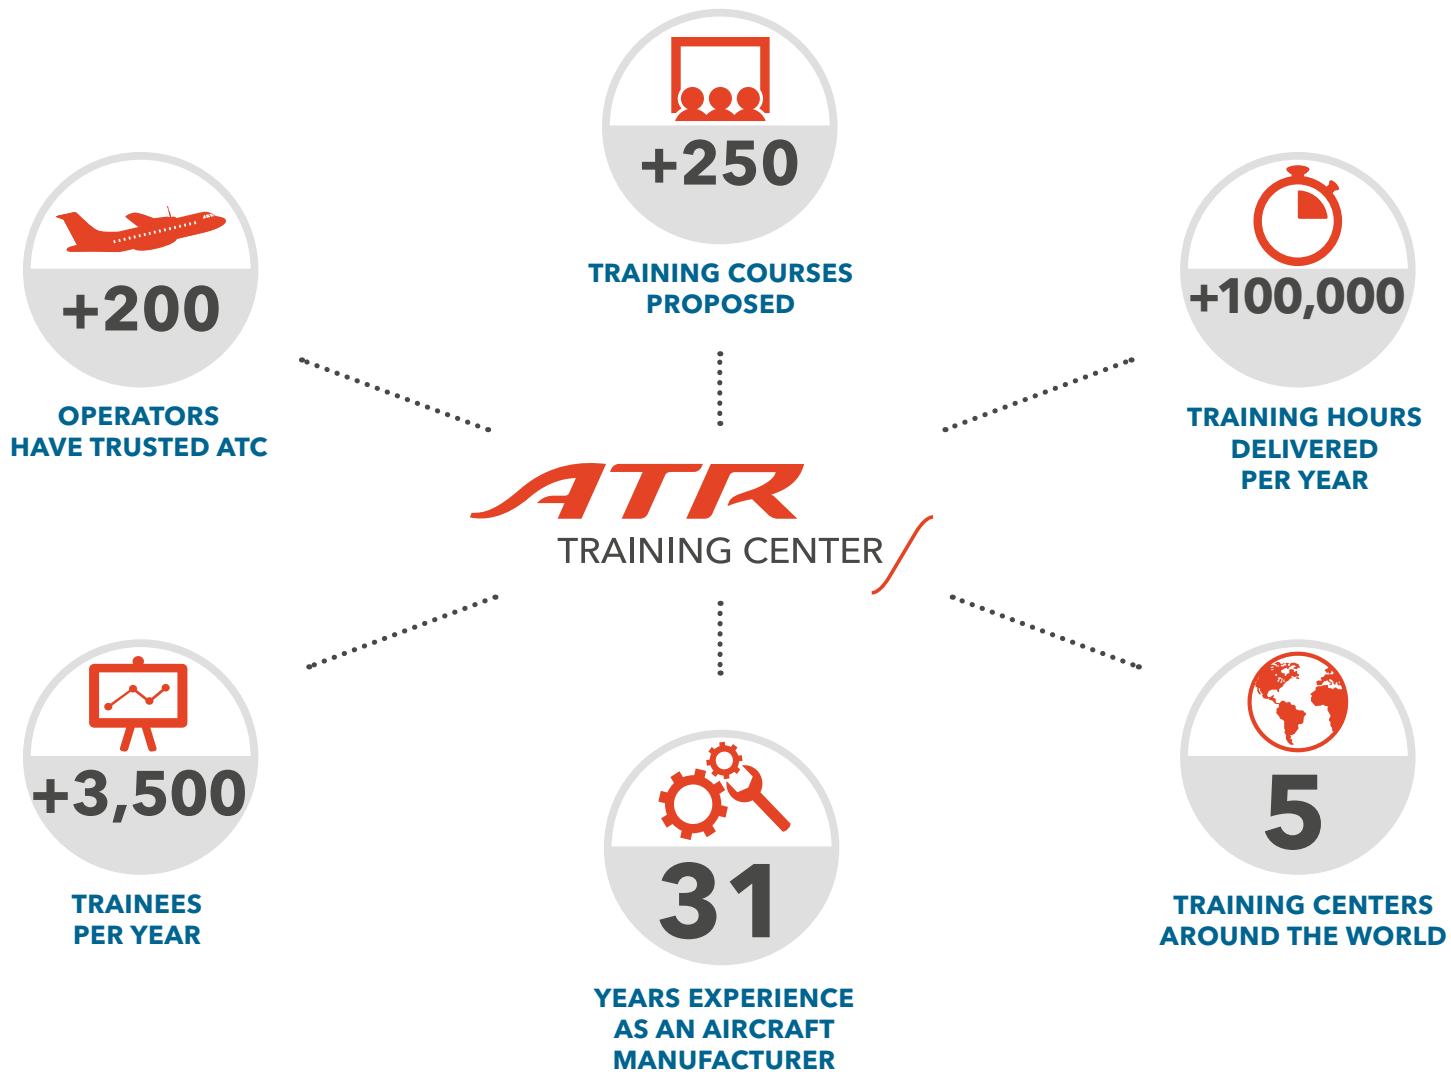

## ABOUT ATR TRAINING CENTER

**With more than 1,500 aircraft sold and some 200 operators in nearly 100 countries,** ATR has developed a full set of innovative and competitive training and services to offer performance and safety for airlines' operations.

Created in 1989, the ATR Training Center (ATC) meets airlines' requirements and provides a state-of-the-art and cost-effective training. ATC is the first EASA Approved Pilot Training organisation (FR.ATO.0001).

## PROPELLING YOUR FLIGHT CREW TRAINING, TRUST THE MANUFACTURER EXPERTISE

**Standards of training and simulators reflect the present in-service fleet.**

ATR's advanced training programs are built based on ATR's highest standards and innovative media tools based on CBT (Competency-Based Training) and TEM (Threat & Error Management).

Pilot trainees benefit from our instructors' experience and from the in-service manufacturer's fleet knowledge.
