

# Vincent Leroy

ERM & Audit Officer

Vincent Leroy has been appointed to lead the new Enterprise Risk Management & Audit organisation of ATR, effective from 1 April 2023. He reports directly to the company's Chief Executive Officer, Nathalie Tarnaud Laude, and works transversally with all directorates to better anticipate risks and boost opportunities.

Vincent began his career in 1991 and built a large programmatic, technical and industrial background. Over the years, he developed skills in various fields, including Systems Engineering for complex systems, Avionics, Real-time Systems Simulation, Optical & Radar Instruments, Image Processing and Vision-based Autonomy. Vincent had the opportunity to apply this broad array of skills to commercial aircraft, UAVs, satellites, but also missiles and robots – be it for Matra, Astrium, EADS or Airbus Commercial. In 2011, he joined Airbus as VP Modelling & Simulation during the development of the A350 and A320 NEO programmes. He started the ERM chapter of his career in 2014 as Head of Enterprise Risk Management, deploying and driving operational risk management within Airbus for six years.
