

Vittorio Lorenzo Della Bella

Chief Executive Officer

ATR's Board Members, Airbus and Leonardo, have appointed the ATR's new Chief Executive Officer, Vittorio Lorenzo Della Bella, effective November 1st, 2026.

Prior to being President of Leonardo Helicopters U.S., Vittorio Lorenzo Della Bella served as Senior Vice-President Customer Support, Services & Training for Leonardo Helicopters, where he led a global organisation of 2,500 employees supporting over 4,500 helicopters and 1,300 customers worldwide.

With decades of experience in the aerospace industry, Vittorio Lorenzo has held a wide range of leadership positions spanning programme management, business development, customer support and international industrial cooperation. He notably served as Managing Director of NHIndustries and has played a key role in the development and delivery of major international aerospace programmes.

His extensive experience leading complex international organisations, combined with his strong customer focus, operational expertise and commitment to industrial excellence, will support ATR's ambition to strengthen its position as the world leader in regional aviation and continue advancing sustainable and reliable connectivity for its customers and their communities around the globe.
